## **M&A AWARDED MULTI-YEAR CONTRACT WITH THE U.S. DEPARTMENT OF LABOR**

### **FOR HEALTH & SAFETY PROGRAM SUPPORT AT JOB CORPS CENTERS NATIONWIDE**

Mabbett & Associates, Inc. (M&A), Bedford, Massachusetts and Reston, Virginia, recently signed a multi-year contract with the U.S. Department of Labor (DOL) to provide technical support services for Health & Safety program implementation and management at Job Corps Centers nationwide. Services anticipated under the contract are expected to include annual inspections of health and safety programs and procedures at approximately 100 Job Corp Centers and pre-occupancy surveys on an as needed basis to help support expansions and upgrades at multiple centers.

During the contract signing Arthur N. Mabbett President of M&A remarked that “The firm is honored to be selected by DOL and to have the opportunity to support the important mission of its Job Corps Centers to provide vocational training safely to young people across the country. This contract represents a goal of M&A to serve its Federal clients on a national basis. We believe that our responsiveness, technical capabilities, proven track record, and experienced staff will serve DOL well. We also recognize that our strategic partner Tidewater, Inc. helped us form a strong team that DOL can depend upon to help ensure successful implementation of its pro-active health and safety program at Job Corps Centers across the nation.”

M&A is a nationally recognized and award winning Service Disabled Veteran Owned Small Business (SDVOSB) that has been providing comprehensive environmental, health and safety services to its clients for 28 years. A Federal Services Group was launched by the firm in 2006. In 2007 the firm established a Mid-Atlantic Regional Office in Reston, Virginia through the acquisition of certain assets of the Environmental, Health & Safety Services Group of MasiMax Resources, Inc. to better serve its Federal clients.

Among its Federal clients, M&A currently serves the U.S. Department of Veterans Affairs at multiple facilities in New England and Virginia; the U.S. Environmental Protection Agency under its RCRA Program in Region 1; the US Senate, Office of Capitol Police; and the U.S. Army Corps of Engineers New York District.

M&A is an award-winning firm and provides integrated multi-disciplinary consulting and engineering services in waste minimization/pollution prevention, site assessment and restoration, environmental pollution control, environmental compliance, occupational safety and health, and training to industry, commercial enterprise, and public agencies.
