

FREE* EMERGENCY RESPONSE TRAINING

Presented by
Mabbett & Associates, Inc

Funded by the Massachusetts Department of Industrial Accidents (DIA)

This “free*” First Responder Operations Level training program is recommended for laboratory personnel, facility/maintenance managers, wastewater treatment operators, EHS managers, security personnel, emergency response team members or anyone who has emergency response/planning duties involving chemical spills. **On-site training is available for groups of 15 or more employees.**

DESCRIPTION: OSHA requires that chemical spill emergency responders be trained annually. The eight-hour seminar is for individuals who provide limited response to a release or potential release of hazardous materials. The training will include an overview of the OSHA standard, 29CFR1920.120(q); hazardous substance identification and hazard recognition; routes of exposure; personal protective equipment; basic spill control procedures and emergency planning. **The course is also DEP approved for eight (8) Training Contact Hours (TCH) for licensed wastewater operators.** Please note that if you have already received training under this grant program, you are not eligible to receive additional training under this program.

DATE: Contact M&A for details and scheduling
LOCATION: Your location
TUITION: FREE* (Funded by Massachusetts DIA Training Grant)
ADMIN FEE: \$35.00 per person. A purchase order is required. No shows will be charged the full administrative fee.

To schedule your on-site training, please contact Jennifer Burrill (Ext. 311) at 1-800-877-6050, burrill@mabbett.com or Leif Longtine (Ext. 315), longtine@mabbett.com or fax this form to 781-275-5651 with your contact information filled in below.
