MABBETT RECEIVES TWO EBJ 2010 ACHIEVEMENT AWARDS

BEDFORD, MA (March, 2011) - Mabbett & Associates, Inc. (Mabbett), an award-winning environmental consulting and engineering firm, is pleased to announce that the firm has received two Environmental Business Journal (EBJ) 2010 Business Achievement Awards.

The EBJ awarded Mabbett with an Honorable Mention award in the Business Achievement Small Business category for growing revenue by 256% since 2006 to more than \$5.2 million, and growing its business in the Federal sector by 180% in 2010.

President, Arthur Mabbett, commented, "We are honored to have received such an award and look forward to continued growth and success." Mabbett continued, "The growth rate we have witnessed in the past four years is based in part on the continued implementation of a multi-faceted marketing and business development program; the award of multi-year major IDIQ contracts from various Federal agencies; continued geographic expansion; and an excellent performance track record with federal agencies, private clients, and project partners."

In addition, Mabbett and WSP Environment & Energy (WSP) received a Project Merit Award for a \$2.5M contract for environmental services in connection with the construction of the U.S. Coast Guard (USCG) headquarters in Washington, D.C. The U.S. General Services Administration (GSA) is leading the development of the new USCG headquarters at the St. Elizabeths Campus. Mabbett is the prime environmental contractor to the Construction Project Manager at the site, Tishman/AECOM Joint Venture (TAJV), while WSP serves as a subcontractor to Mabbett. Mabbett and WSP support TAJV and the project owner (GSA) in managing and monitoring environmental conditions at this \$435M American Recovery & Reinvestment Act (ARRA) project.

"This is a significant project and are pleased that our Team has been recognized," stated Paul Steinberg, Contract Program Manager and Mabbett Senior Vice President and General Manager. "Mabbett and WSP have worked closely to ensure that environmental requirements are met while still achieving critical construction milestones at the largest ARRA funded construction project in the country."

Mabbett is an award-winning and internationally recognized firm that provides integrated multi-disciplinary environmental, health and safety and sustainable energy consulting and engineering services. For over 30 years, Mabbett has delivered value-added professional services to industry, commercial enterprise and Federal, state and local agencies. Mabbett is a U.S. Department of Veterans Affairs (VA), Center for Veterans Enterprise (CVE), verified Service-Disabled Veteran-Owned Small Business (SDVOSB) headquartered in Bedford, MA with regional offices in Providence, RI; Reston, VA and Paramus, NJ. www.mabbett.com
